Re: Request for Immediate Action

Rover Pipeline LLC (Rover Pipeline Project)  
Panhandle Eastern Pipe Line Company, LP (Panhandle Backhaul Project)  
Trunkline Gas Company, LLC (Trunkline Backhaul Project)  
FERC Docket Nos. CP15-93-000, CP15-94-000, and CP15-96-000

Dear Ms. Bose:

On February 2, 2017, the Federal Energy Regulatory Commission ("FERC" or "Commission") issued an Order Issuing Certificate ("Order") for the Rover Pipeline, Panhandle Backhaul, and Trunkline Backhaul Projects (collectively "Applicants").

On February 3 and February 6, 2017, the Applicants submitted their Implementation Plan (as subsequently supplemented) in accordance with Ordering Paragraph F and Environmental Condition No. 6 of Appendix B of the Order and requested that the Director of the Office of Energy Projects issue a Notice to Proceed without delay authorizing (i) the felling of trees, including the area within wetlands via non-mechanical methods, and (ii) use of existing access roads within the Rover Pipeline Project limits of disturbance ("Notice to Proceed Request"). The Applicants hereby supplement their Notice to Proceed Request to clarify that their request for immediate authorization for felling of trees at this point is limited to cutting trees using non-mechanized methods in upland areas that do not include waters of the United States. Earlier today the Applicants submitted correspondence from the relevant U.S. Army Corps of Engineers Districts indicating that they do not oppose such authorization. The Applicants will ensure that they do not impact waters of the United States by establishing flagged buffers at least 25 feet from any waters of the United States along the right-of-way ("Buffer Zone"). The Applicants will not cut trees within the Buffer Zone to ensure that their limited tree felling activities do not impact waters of the United States. Finally, Rover reiterates that it is requesting the *critical and immediate* issuance of a Notice to Proceed with felling of trees as requested herein and use of existing access roads.

This filing is being submitted electronically to the Commission's eFiling website pursuant to the Commission's Order No. 703, Filing via the Internet Guidelines issued on November 15, 2007 in FERC Docket No. RM07-16-000. Any questions or comments regarding this filing should be directed to the undersigned at (713) 989-2606.

Respectfully submitted,

/s/ Stephen T. Veatch
