I looked at the copy of the March 8 report that you sent, and the avoidance plans look okay to me. If you need a more formal statement, it will take more time to write something up, put it on letterhead, get it signed, etc. Let me know if this is sufficient.

Hi Dean,

Attached you will find the Site Avoidance Plans for eleven archaeological sites for the Rover Pipeline Project.

Please let me know if you have any problems with this file.
