Docket No. CP15-93-000
Supplemental Response

Dear Ms. Bose:

On September 26, 2016, Rover filed its Response to the Environmental Information Request issued September 14, 2016 by FERC Staff ("Response"). Attachments 1, 2, and 3 contained within the Response were filed as Privileged Information. Although Rover continues to believe the attachments were appropriately filed as Privileged Information, Rover is herein re-filing the previously provided redacted versions of Attachments 1 and 2 as "Public" at FERC Staff's request to further enable FERC Staff to carry out its jurisdictional responsibilities. The enclosed Attachments 1 and 2 have been redacted to remove names and other personally identifiable information to protect the privacy interests of individuals pursuant to Freedom of Information Act Exemption 6. *See* 5 U.S.C. § 552(b)(6). Attachment 3 of the Response includes correspondence with the Ohio SHPO related to the 2014 Cultural Resources Survey Report Rover submitted to the Ohio SHPO and consultation regarding the removal of the Stoneman House. Rover believes the information in Attachment 3, including but not limited to documentation listing 194 archaeological sites and 78 built architecture properties, is considered Privileged Information and should not be publicly released.

This filing is being submitted electronically to the Commission's eFiling website pursuant to the Commission's Order No. 703, Filing via the Internet Guidelines issued on November 15, 2007 in FERC Docket No. RM07-16-000.
